

Grassland Heights

BAPTIST CHURCH

2316 Hillsboro Road Franklin, TN 37069
615-794-5529

Dear Members and Guests,

It is with much excitement; the staff at Grassland Heights Baptist Church announces our reopening date and time, **June 7th, at 11:00 am**. We look forward to seeing familiar faces and worshipping in person. As we navigate this unique season, we ask that you bear with us and trust we are doing everything we can to provide a safe, healthy environment for everyone.

Due to current circumstances, we ask that everyone over the age of 3 wear a mask while in the building. If you do not own a mask, we would love to provide you with one. Everyone working together will help protect those most susceptible to the virus.

Grassland Heights will have hand sanitizer available when you enter and exit the building. Please take advantage of this and clean your hands on your way in and out.

We encourage families to sit together during the worship service and ask that you refrain from sitting with people outside of your immediate family. Please use the 6 feet rule when sitting in a pew with a neighbor. When choosing a seat, please leave every other row empty. We will designate the pews to be used for seating. When we depart from the sanctuary, we will dismiss back rows first. Please exit the building quickly and feel free to mingle with one another outdoors.

All doors will be propped open for your convenience. A closed-door means that location is temporarily off-limits. Restrooms doors will remain open; therefore, a restroom without stalls will not be in operation. For this reason, we ask that an adult accompanies all children to the bathroom.

Parents with small children: We understand this can be difficult for you. We are working hard to provide an experience that all ages can enjoy. However, some options may not be suitable for everyone. Please use your discretion, and if you have questions or concerns, please reach out so we can help you make the best choice for you and your family. (Grassland Heights will not provide childcare during this time.)

We also acknowledge, not everyone will be comfortable attending church right away. We want to assure you we understand and want you to feel safe. Please continue to tune in online and worship from your home.

If you do not feel well or are experiencing any flu-like, cold, or COVID-19 related symptoms, please remain home and utilize our online streaming service. You can visit our website <http://grasslandheights.org/> for more information.

Please understand as we gain more information, policies and opening dates are subject to change.

Thank you,

GHBC Staff
